REASONS FOR ALLOWANCE

Claims 47-48 are allowed.

The following is an examiner's statement of reasons for allowance: The primary reason for allowance of the claims is the inclusion of the step of continuously supplying a first radiant energy to the luminescent material using a constant source of said first radiant energy while selectively supplying a second radiant energy so that visible light emits only when said second radiant energy is incident on said luminescent material.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
